# WE DO IT ALL FOR YOU!

- Sturdy, safe, wall-mounted cabinets – easily identifiable and easy to access
- Quality hospital grade first aid supplies – auditable to OH&S guidelines
- Well labelled, transparent packs – easy to find the right supplies in a hurry

- Maintenance programme/scheduled service – service dates are logged within each cabinet
- Removable door liner inside each cabinet is replaced at each scheduled service/maintenance visit
- One fee includes all first aid consumables

## Summary of the OH&S guidelines for First Aid Kits across Australia:

- Employers must provide First Aid facilities that are adequate for the immediate treatment of injuries that arise at the place of work.
- Employers must ensure first aid facilities include a First Aid kit appropriate for the number of employees on each site and work environment.
- Employers should ensure that First Aid kits are maintained in proper condition and the contents are replenished as necessary.
- First Aid kits should have regular checks to ensure the contents are as listed and have not deteriorated or expired.
- First Aid kits should have a white cross on a green background with the words First Aid prominently displayed in the outside.
- First Aid kits should be located at points convenient to the work force and where there is risk of injury occurring.
- At least one First Aid kit should be provided on each floor of a multi level workplace.
- Each work vehicle should be provided with a vehicle First Aid kit.
